

INTERDISCIPLINARY APPROACH TO TRIBAL RESEARCH

Southwest Tribal Institutional Review Board (IRB) 2018 Workshop

Thursday, April 26, 2018 8:00 AM—3:30 PM
Albuquerque Area Indian Health Board
7001 Prospect Place NE, Albuquerque NM 87710

COURSE DESCRIPTION

Southwest Tribal IRB members are responsible for reviewing social and behavioral protocols for research conducted in tribal populations. IRB members, Principal Investigators, and Community Members will share their review process, insight, and experience, and will answer questions from workshop participants. This interactive workshop will encourage active participation through discussion, feedback and activities to enhance learning.

LEARNING OBJECTIVES

You will have increased awareness of:

- Types of public health research taking place among tribal populations
- The role of a Principal Investigator during a research project
- Relationships among communities, researchers, and the Southwest Tribal IRB
- Tribal data sovereignty and research in tribal communities

PRE-REQUISITES: NONE

TARGET AUDIENCE:

Public health professionals, tribal health board members, researchers, and anyone who is interested in research ethics and developing research protocols.

INSTRUCTORS:

- Members of the Southwest Tribal IRB

FREE REGISTRATION
(Workshop is limited to 25 people) **Please RSVP by:**
Monday, April 18, 2018 (5 PM)

Continental breakfast, lunch and an afternoon snack will be provided.
